About Me

Self-taught front-end developer focused on clean UI, responsive design, and building real-world projects using HTML, CSS, and JavaScript. Currently learning React and pushing new code daily. Committed to growth, performance, and solving real problems with simple, scalable solutions.

Technical Skills

```
- Languages: HTML, CSS, JavaScript (ES6+)
- Frameworks: React (in progress)
- Tools: Git, GitHub, VS Code, Chrome DevTools
- Design: Figma (basic), Responsive Design
```

Education

-Diploma in Management Studies (Business Administration) –
Management Development Institute of Singapore , Singapore – 2022

-Currently self-learning via Scrimba & hands-on projects

Projects (In Progress

 I'm actively building and publishing small real-world apps to strengthen my skills and showcase my progress as a front-end developer.

-To-Do List App
A functional task tracker with add/delete features and local storage persistence.
Tech: HTML, CSS, JavaScript
GitHub: github.com/raydev-id/

-BMI Calculator *(Coming Soon)*
A simple app to calculate BMI with dynamic user input and responsive layout.
Tech: HTML, CSS, JavaScript

Other

- Languages: English (Fluent), Indonesian (Native)

- Soft Skills: Problem Solving, Teamwork, Fast Learner
